LOS ANGELES TO WELCOME PRESIDENT BY FLOWER SHOW

(ASSOCIATED PRESS CABLEGRAM.)

LOS ANGELES, Cal., May 3.—Preparations of the most elaborate kind are being made to receive the President here. He will come into California over the Santa Fe railway, passing through the deserts en route, and it is proposed that the chief city of Southern California shall make the contrast between the desert and the land of sunshine and flowers as strong as it possibly can be made. To this end, the reception committee has decided that the greeting to the President shall take the form of a flower show.

All of the flower gardens in all the region around about the city of Los Angeles will be drawn upon,—and every dooryard is a flower garden—for contributions to the success of the show and the whole city will be transformed into one vast bower. The streets will be arched and strung and hung and covered with flowers, the sidewalks will be banks of roses and lilies, and the fronts of great buildings will present to the eye massed pictures of gorgeous colors painted by nature under a southern sky.

There will be a great floral parade, when an attempt will be made to outdo even the annual rose show at Pasadena, and the President will ride from the railway station through the city and to the pavilion, where he will speak, in a carriage covered with delicate, fragrant flowers, drawn by horses that will be concealed beneath floral trappings. Altogether, the reception will be unique, something that the Presidential party will remember to the last day of their lives. And it will be typical throughout of Southern California.

In addition night fetes with electrical effects predominant are being planned.

HAWAIIAN BEAU BRUMMEL DEAD

The death on Friday of "Dandy" otherwise known as Ioane Ukeke (John, the Jewsharp player), removes from Honolulu one of its most picturesque characters, and a man who thirty and more years ago was constantly in the public eye. Few people have associated the decrepit, tattered, blind old man, who squatted on the Fort street pavements, playing a jewsharp and extending his hat for alms with the "Dandy" of old.

Thirty or forty years ago Ioane was the Beau Brummel of Honolulu and gained the soubriquet of "Dandy" which clung to him throughout his life. He was a relic of the days of the Kamehamehas. He was the master of the hula for the Hawaiian monarchs of and had mastered every known hula dance known to his generation of Hawaiians and he was the trainer of the most fashionable dancers in his time. Even in Kalakaua's time Ioane was to the front in all entertainments.

"Dandy" designed his apparel and his wife make his astonishing clothes from his sketches. Kamaaina remember "Dandy" in his earlier days as the faultlessly dressed Hawaiian who used to parade the streets, frequenting the band concerts and all public gatherings where he could pose. He wore velvet jackets and trousers, high beaver hat, monocle, short cane.

Of all the queer public characters, there now remain only "Bill, the Blind Whistler," and Manuel Rodrigues, who worships the statue of Kamehameha.

SONGS TO BE GIVEN BY Mlle. DOLORES

Mlle. Dolores has selected for her recital at the opera house tomorrow night, the following program:

Two Italian canzonettes, Le Violette (Scarlette) and M'apresa (Paradies), a French song "La Cloche" (St. Saens), a group of three songs in English, Afar in the Woods (Kyerulf), The Lark (Rubinstein), and He Loves Me (Chadwick); then the celebrated Shadow Song from Meyerbeer's "Dinorah"; afterwards three pieces in French, Chanson etranger (Godard), Serenade (Bemberg) and Crepuscule (Mosses), followed by an Italian Barcarolle, "Mia Picciarella" (Gomez), terminating with Goring Thomas' "Song of Sunshine." Here indeed is a feast of song, and it is worthy of mention that Mlle. Dolores has never previously been heard in any one of these compositions in Honolulu. To such as are unacquainted with the French and Italian languages translations will be given in the programme of all the foreign pieces, as well as the original words of the English numbers. Mr. Newell, the pianist, will play Ballade op. 47 (Chopin), Kammermusik Ostrow (Rubinstein) and the Ride of the Valkyres (Wagner-Tausig). The recital will commence at 8:15 sharp and terminate about 10 o'clock.

A PESTIFEROUS GERM.

Burrows up the Scalp Into Dandruff and Saps the Hair's Vitality.

People who complain of falling hair as a rule do not know that it is the result of dandruff, which is caused by a pestiferous parasite burrowing up the scalp as it digs down to the sheath in which the hair is fed in the scalp. Before long the hair root is shivered up and the hair drops out. If the work of the germ is not destroyed hair keeps thinning till baldness comes. The only way to cure dandruff is to kill the germ, and until now there has been no hair preparation that would do it, but today dandruff is easily eradicated by

RELIGION IN GOVERNMENT OF AMERICA

(Continued from page 1.)

broad and deep by the fathers who did that work that will endure for all time." Speaking of the Spanish settlements in the two Americas, and in a part of the United States, Mr. Highton showed that every civil government formed on the western hemisphere by the greatest of all the colonizing powers in those days was formed for the advancement of civilization and the advancement of the worship of a personal God and the spreading of the moral law. The colonial period was a period of colonizing by people who came to America seeking liberty to worship a personal God in their own way. The world had been full of tumult, and these people left their old world primarily for the securing of religious freedom. The idea of personal liberty came after that, as it had always followed it. "It is a fact," said the speaker, "that the idea of the liberty of man follows the idea of liberty of religion. And the government of the United States, while it is not a new thing, presents to the world the first successful formulation of an idea that is in the mind of every man in the world, of whatever race, and that is as old as the world. Every man who has ever lived, whether consciously to himself or not, has cherished the idea of individual sovereignty. The government of the United States carries out that idea, and it is strong enough to endure every test. For the government of the United States is based upon the conception of a personal God and the moral law."

Coming down to the third period, Mr. Highton spoke of the division of the people of the colonies into creeds, but said that while each held to its own religious belief the representatives had compromised these creeds for the general government, with the result that while there was a recognition of the personal God in the general system, there was a distinct statement that there never should be an established church, a church controlled by the government. The people were to direct their own religious affairs, as liberty of government was best, but the government itself was founded upon the general conception, taking in all creeds, of a personal God and the moral law.

"The government is not atheistical," said Mr. Highton, "and it is not agnostic. It is a Christian government for Christian men and women."

LAWMAKERS WILL GO AT BUDGET NOW

session's work. The Senate has appropriated \$5,000 for its use, which means only \$2,000 for ordinary expenses, after the payment of \$3,000 to salary account. In the House there will be, if the Pulaa bill is passed, after the \$6,000 goes to members, \$14,000 for expenses, which will mean a big advance over the Senate's estimates of session expenses.

There are members and outsiders as well who believe that within ten days all the measures will be passed. These, however, are not in the majority but they will do all in their power to rush along work.

The county campaigns are not far distant and so the members are anxious to get home and run things in the counties.
